Amarone di Veneto

Amarone di Valpolicella is a full bodied red wine typically comprised of the Corvina, Rondinella and Molinara grape varieties. The arduous labor process involved in making the wine includes the drying out of the handpicked grapes for sometimes as long as 150 days before being pressed, fermented and aged in French barriques.

- Piemonte -

Barolo

“The wine of kings, the king of wines.” This sentiment came about when the nobles of Turin (city in the Piemonte region of Italy) came to favor this wine. Made from the nebbiolo grape varietal, Barolo wines offer a beautiful compliment to Italian fare. Their higher tannin levels allow for great aging as well.
